361,000 LITRES

on behalf of

ROUNDSTONE VENDING

Borg & Overström has donated 361,000 litres of clean drinking water to the Made Blue Foundation. This will generate at least 10 years of access to safe drinking water for 5 people.

This donation is invested in water projects in countries with severe water scarcity. Thanks to this contribution, the same amount of clean drinking water will become available to people who currently do not have access to it.

Borg & Overström are global manufacturers of beautiful, sustainable, premium drinking water dispensers and tap systems. They believe that everyone has the right to clean drinking water. Their partnership with Made Blue enables them to provide this basic essential to those most in need.
